

# Doodle Boy – Project in a Day

Today we are celebrating the brilliant skill of doodling – not always a teacher’s favourite thing for a child to be doing in class but certainly a great skill and an excellent way to improve your drawing skills.

Before you begin the activities let’s find out some more about the Doodle Boy himself...

Click on this link to find out who the Doodle Boy is - <https://www.bbc.co.uk/newsround/51211763>

Watch this link to learn more about doodling and drawing monsters in this style - [https://www.youtube.com/watch?v=P\\_mW8rgER1A](https://www.youtube.com/watch?v=P_mW8rgER1A)

Watch this link to learn more about drawing doodle flowers - <https://www.youtube.com/watch?v=umwdufBS-OQ>

**Try out this range of activities:**

---

## Doodle Doodle Doodle...

Using what you have learnt from the videos above begin creating some doodle characters or flowers – this is an opportunity to experiment so try lots of different ideas out.

If you’re struggling for ideas have a go at the ones from the videos to give you inspiration.

---

## Create your own cartoon

Now you’ve experimented you need to create for your image:

- Will your doodle art be set in space, on the beach, in the park?
- Will you have monster, animal, flower doodles as your characters?

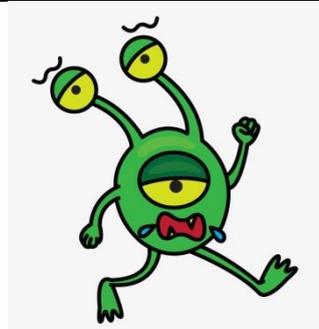

To create your backdrop get imaginative or find an image from a book or the internet and copy it on to a blank piece of paper.

---

## Doodle characters

Now draw your doodle characters on a different piece of paper / card so that once you are finished you can either move them around your background, stick them on to give a 3d effect or using a stop frame animation app you can create a doodle animation out of your doodle picture (remember little movements between each slide creates the best animations).

---

Feel free to share your project creations by emailing me or Mrs Mewett – we’d love to see how you got on... Mr Webb
