KS2 Art and Design Concept and Curriculum Map

Line	Shape	Form	Texture	Value	Colour	Space
A line is a one-dimensional path which can vary in width, direction and length . Lines often define the edges of a shape or form.	Shape is a two-dimensional design created by a closed line . Shapes can be geometric or irregular .	Form is a three-dimensional shape or the illusion of a three-dimensional shape.	Texture refers to the surface quality of a piece of art.	Value refers to the tones within an image, such as light to dark .	Colour is the light that is reflected off an object. You can alter the hue, value or intensity of a colour.	Space is the area that a piece of art occupies and concerns the perspective and proportion between objects.
